

VEGEA®

A COMPLETE GUIDE TO START YOUR GARDENING

www.vegea.com

ABOUT US

To create a natural, healthy and eco-friendly garden is our brand concept. One of VEGEGA top priorities is to serve its customers and to provide Zn-Al-Mg Steel modular raised garden beds to our customers, help you build an appealing garden in an easy way as well as give you and your family a happy gardening experience.

Zn-Al-Mg Steel material for raised garden beds has the following significant advantages:

- **Hard metal panels will not be damaged by pests and mice.**
- **Eco-friendly material**
- **Easy to assemble**
- **High tear resistance**
- **Long-lasting and durable, up to 20+ years**
- **High/low-temperature resistant from -148°F to 200°F**
- **Less bending down**
- **Safe and no soil contamination**
- **Grow much more in much less space**

HOW TO FILL THE BED

Calculate Soil Volume

Formula:

Length × Width × Height/Depth

How Deep Should My Soil Be in the Garden Beds?

HOW TO FILL THE BED

Soil Type And Mix for the Raised Garden Bed

Soil Types for Garden Beds

Topsoil

Rich mineral

Potting Mix

Mix of peat moss, vermiculite, and perlite

Compost Soil

Lighter than topsoil but is bursting with nutrients

Soil Mix for Garden Beds

$\frac{1}{3}$ Peat Moss

Moisture retention and keeping soil aerated

$\frac{1}{3}$ Vermiculite

Enhancing drainage performance

$\frac{1}{3}$ Compost

A hotbed for beneficial microorganisms
