73-87 Chevrolet Only Direct Fit Programmable Digital/Analog Instrument Gauges. Speed, RPM, Oil, Water, Fuel, Volts, Gear Position, Check Engine, Cruise. Black or Silver Alloy. Back Lighting is Programmable (Bezel Not Included)

08HDX-73C-PU-K...(SHOWN BLACK - LIGHT COLOR PROGRAMMABLE)..1545.00
73-87 Chevrolet Only Direct Fit Programmable Digital/Analog Instrument Gauges. Speed, RPM, Oil, Water, Fuel, Volts, Gear Position, Check Engine, Cruise. Black or Silver Alloy. Back Lighting is Programmable (Bezel Not Included)

**DAKOTA GAUGE OPTIONS**

**RADIOS**

**08BIM-01-2.....124.99**  
**OBD-II / CAN INTERFACE.** The BIM-01-2 OBD-II (J1850/CAN) Interface allows you to plug directly into the engine diagnostic port, extracting engine and transmission data from the vehicle's computer (ECM).

\*The BIM-01-2 is designed to decode the information provided by the ECM through OBD-II and supply this information to the **RTX, HDX, VHX and VFD3** systems with a black plastic control module. For any BIM-compatible control boxes which contain the 3.5mm headphone jack BIM input, add part number **394193** adaptor harness. Earlier instrument systems with an aluminum control module are not capable of BIM connectivity

**08BIM-01-2-HLLY.....124.99**  
**HOLLEY EFI INTERFACE MODULE** The **BIM-01-2-HLLY** is designed to read the engine information from the **Holley Terminator (including X and X Max), HP, Sniper, or Dominator EFI kits.** The BIM-01-2-HLLY module is a direct plug in using the supplied 2 or 4 pin harness for simple connection to the Holley EFI system.

\*\*Compatible Dakota Digital instrument system: **VHX, HDX, RTX** and **VFD3** systems with a black plastic control module. For any BIM-compatible control boxes which contain the 3.5mm headphone jack BIM input, add part number **394193** adaptor harness. Earlier instrument systems with an aluminum control module are not capable of BIM connectivity.

**08-DIM KIT.....39.99**

Enhance your digital dash by adding this light dimming kit to adjust the dimming feature built into your instrument system for night time driving. This aluminum knob and bezel works only with Dakota Digital instrument systems and will not dim other instrument clusters.\*\*\*\*Stock dimming switches will not work with Dakota Digital Instruments. The **DIM-1** will work with **VFD3/RET, VHX, HDX** and **RTX** instrument systems - will not work with the **STR** series control box, **Odyssey** or **Solarix** gauges. The DIM-1 requires a hole measuring .570" in diameter

**08-GSS-3000.....UNIVERSAL GEAR SHIFT SENDING UNIT.....134.99**

The GSS-3000 is a new generation of gear-shift (detent) position system from Dakota Digital. We've minimized the decoder (the brain of the system), and the new, smaller size with inboard terminals allows for easier installation. Able to be used with a Dakota Digital instrument system or on its own, this versatile unit can relay transmission gear position to a **VFD, VHX, HDX** or **RTX** instrument system, as well as the **DGS-series** of standalone indicators.

- Built-in outputs for reverse lights (up to 15 amps) and neutral safety switch (with supplied 30amp relay).
- Easy setup and calibration.
- User-calibrated for 2-4 forward shifter detent locations, plus Park, Reverse and Neutral.
- Stainless steel and aluminum mounting hardware included for a variety of transmissions.

**Includes:** Mounting hardware included to fit automatic transmissions including GM TH350, TH400, 700R4, 4L60/70/80, as well as Ford C-4 and C-6. Other transmissions will utilize the included universal mounting bracket.

GSS-3000 supercedes the GSS-1000 and GSS-2000

**CAM23073-88.....234.99**  
 73-88 Chevrolet or GMC AM/FM Radio with Auxiliary Input. Port. 200 Watts Total Power. Fits Original Dash Opening

**CAM63073-88.....314.99**  
 73-88 Chevrolet or GMC AM/FM Radio with USB Port & iPod Dock. 300 Watts Total Power. Fits Original Dash Opening

**CAM74073-88.....409.99**  
 73-88 Chevrolet or GMC AM/FM Radio with Bluetooth, Auxiliary Input & USB Port. 300 Watts Total Power. Fits Original Dash Opening

UNDER OR BEHIND SEAT SPEAKERS

**08UNDERCOVER2**.....Undercover II Speakers.....209.99  
Self Enclosed Speakers. 8" Woofers & 2" Tweeters. Can be Mounted Under or Behind Seat. Pair.  
11"W X 12.5"L X 3"H

KICK PANEL SPEAKERS

Kickpanels with speakers were developed by Custom Autosound in the 1980's to enhance the sound quality of your radio by adding custom speaker assemblies to classic cars and trucks. While our kickpanels enhance the interior appearance of your ride, they provide great sound and install with no modifications to your vehicle. We've designed them to custom fit perfectly with the door panels on your classic car or truck. We build our kickpanels with black ABS plastic and can be painted to match the interior of your vehicle. The most popular kickpanels come with built-in CAM 6 1/2" coaxial 2-way, 80 Watt speakers. They are also available with Pioneer 160 Watt speakers.

**08KCHT-73-79**.....159.99  
73-79 Chevrolet or GMC Molded Black ABS Plastic with 6.5" 2-Way Speakers. Pair. Also available without speakers. Call for pricing

**08KCHTP-73-79** .....(WITH PIONEER 160 WATT SPEAKERS.....219.99  
73-79 Chevrolet or GMC Molded Black ABS Plastic with Pioneer 6.5" 2-Way Speakers. Pair

SECRET AUDIO

**SST-V**.....409.99

With Stealth Sound Technology the SST-V is equipped with Bluetooth for streaming your favorite tunes and hands free use of your cell phone.

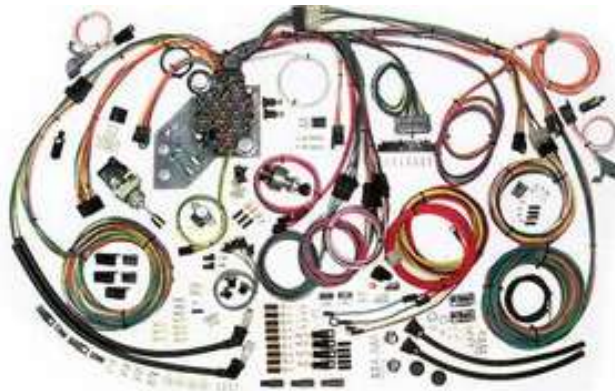

The SST-V is a 200 Watt AM/FM radio with USB MP3/WMA Flash Drive, iPod control, CD control and Satellite ready via Bluetooth auxiliary. Featuring "RF" (radio frequency) remote control, ideal for Street Rods and Classics. The SST-V hideaway radio is designed to provide a classic car or truck with exceptional audio quality while leaving the dash and original radio visible in the dash. The SST-V receiver / amplifier unit is usually hidden underneath the driver's seat or behind the dashboard and integrates with the vehicle's speaker system

WIRING HARNESS

Classic Update kits are designed for projects that require more circuits than would have been available in an original chassis harness. Each kit includes all the basics needed to rewire a vehicle from headlight to tail light, and will accommodate popular add-on items such as electronic fuel injection, aftermarket gauges and common supporting modifications. This kit is compatible with Suburbans, but will require a [510901 Suburban rear body add-on](#). This harness includes:

- An updated ATC fuse panel and fuses, along with modern GXL wire throughout. Wire functions are labeled every 3 to 5 inches.
- Pre-built dash harness and our exclusive gauge cluster disconnect system for use with stock or aftermarket instruments.
- Engine and front light harness with extra-long leads for custom routing and updated engine and transmission combinations. Original-style bulkhead connectors included.
- Six-way power accessory plug can be used as a convenient power source for aftermarket accessories.
- A rear body wiring with extra-long leads for custom routing.
- 175 amp mega fuse kit with 6 gauge charge cable to support a high output charging system and internally regulated alternator.
- Original-replacement connectors, terminals and lamp sockets.
- Headlight switch with 26 amp internal circuit breaker and new floor dimmer switch included.
- Dash harness includes a connector for the 75 and up GM steering column connector. A mating connector and terminals are included for easy adaption to earlier GM or aftermarket columns. Connections for both floor and column mounted dimmer switches included.

**08-510347 (73-82)**.....879.99

**08-510706 (83-87)**.....929.99

**DIRECT REPLACEMENT COMPLETE WIRING HARNESSES FOR YOUR 73-87**

Vintage Air SureFit Gen V kits are the most complete, bolt-in climate control systems available. All SureFit systems provide full OEM-style operations including air conditioning, floor or vent exit heating and a powerful dehumidified defroster. To retain a true factory look, the A/C air exits through the factory dash louvers, if originally equipped in your vehicles dash.

Complete kits include evaporator unit and mounting brackets, louvers (where required), duct hose, wiring harness, new rotary controls, all under-hood components such as compressor, engine brackets, condenser with brackets, preformed refrigerant lines, drier, fittings, hardware and installation instructions.

**LOAD RESISTOR**

**34235**.....12.99  
LOAD RESISTOR 50 WATT 6 OHM This  
UP Load Resistor is designed to  
eliminate LED turn signal problems,  
such as hyper flashing, no flashing,  
or burnt out bulb indication. This UP  
Load Resistor consists of an alumi-  
num housing with proprietary heat  
management that allows installa-  
tion in most locations. The UP Load  
Resistor kit includes two load resis-  
tors and 4 connectors.

**34237**.....12.99  
 LOAD RESISTOR 50 WATT 15 OHM  
 The United Pacific 50-Watt Load Resistor 15 Ohm features an aluminum housing with heat sink allows installation in most locations and consists of a 15-ohm resistor rated for 50 watts of heat dissipation capacity. This UP resistor eliminates flickering of burnt-out bulb indication associated with LED conversions while simulating the load of an incandescent bulb. For installation, this UP resistor includes a pair of load resistor and 4 quick splice connectors.

FUEL INJECTION SYSTEMS

**70002**.....2107.00

feature is suitable for The Ultimate LS1/LS2/LS6 500HP Intake Manifold Kit with 92mm throttle body and trans control are a complete self-tuning induction systems for LS engines designed for the do-it-yourself hot rodder to the professional EFI tuner!

- **Application:** Intake manifold will fit Cathedral Port LS1/LS2/LS6 heads. Transmission con-

trol 4L60, 4L65, 4L80 or 4L85 GM transmissions. Small Block V8 GEN. III/IV LS-based Chevrolet street and performance engines with a 1500-6500 rpm power-band up to 500 HP to the flywheel.4.8 L / 293 c.i. LR4, LS1, LS2, LS65.3 L / 325 c.i. L33, L59, LM4, LM75.7 L / 346 c.i. LS1, LS66.0 L / 364 c.i. LQ4, LQ9, LS2

- Intake manifold is 6.5 inches tall.
- 92mm high flow cable operated throttle body sits at 7 degrees.

**70001**.....1806.00

**Application:** Intake manifold will fit Cathedral Port LS1/LS2/LS6 heads. Small Block V8 GEN. III/IV LS-based Chevrolet street and performance engines with a 1500-6500 rpm power-band up to 500 HP to the flywheel.4.8 L / 293 c.i. LR4, LS1, LS2, LS65.3 L / 325 c.i. L33, L59, LM4, LM75.7 L / 346 c.i. LS1, LS66.0 L / 364 c.i. LQ4, LQ9, LS2

- Intake manifold is 6.5 inches tall. 92mm high flow cable operated throttle body sits at 7 degrees.

**70051**.....1202.00

**ULTIMATE LS STANDALONE ECU WITH TRANS CONTROL**

- **Application:** LS or similar engines with crank and cam sensors. Transmission control feature is suitable for 4L60, 4L65, 4L80 or 4L85 GM transmissions. Small Block V8 GEN. III/IV LS-based Chevrolet street and performance engines. Contains a 3 BAR MAP sensor for power adder applications that supports up to 30 PSI of boost.

**Note:** This kit does not work with drive by wire throttle bodies and variable valve timing. These engines can be modified to remove these components.
