'Interlaced'

CATALOGUE

ARTIST'S STATEMENT

I'm so excited to share with you my new small collection of works '*Interlaced*'. Readjusting to motherhood second time round, I've been embracing new life sparking a creative surge which has seen my practice leaning towards energy in abstraction and the slow exploration of interlacing mark-marking of oil sticks and spray paint on the canvas.

The intuitive painting process reveals a constant conversation with nature and nurture, forever evolving but always in flow with a sense of deep knowing and trust in the creative process of art making and motherhood. Much like childbirth, the creative process is familiar yet of another world as the energy moves from one dimension to the next, and here we meet again.

I hope you enjoy them as much as I have loved making them. Each piece is an original artwork and signed on the back. Price includes GST and free shipping Australia wide. For enquiries about any of the works, please email hello@dalinalejandrino.com

ARTIST'S BIO

Dalin Alejandrino is a self-taught artist who creates abstract artworks, each embodying a sense of wonder and beauty in nature and its forms. Currently painting from her home studio in Sydney, her abstract expressionism is characterised by the unconscious memories and cascading landscapes painted to life through subtle textures, whimsical brushstrokes, and free-flowing movement of colour and mix media.

Intuitively delving into the unknown when painting, Dalin draws on themes hovering between past and present, family and home, land and country. She utilises layer upon layer of acrylic and mixed media to create her artworks including oil sticks and spray paint.

She was a Cambodian refugee with her family having migrated to Australia in 1987, and often draws inspiration from her motherland. That estrangement from land and family is interconnected with her emotions while paying homage to family, heritage and provincial life.

Dalin is a Fisher's Ghost Art Award 2024 Finalist. Her works can be found in private collections in Australia and internationally.
