

THE EDGE BAND BASICS

WHAT ARE THEY?

Edge bands are strips that are used to cover raw and exposed edges of furniture to give it a smooth and finished appearance. Opting for edge bands that match your laminates makes your furniture look elegant and seamless.

WHY ARE THEY IMPORTANT?

Edge bands not only protect your furniture from external elements but also make it look aesthetically pleasing. Matching edge bands have replaced traditional methods like painting edges and using inconsistent edge bands. Using edge bands that match your laminates 100% gives your furniture an immaculate finish.

WHERE CAN THEY BE USED?

Edge bands can be used on the following furniture types and more:

Tables | Countertops | Cabinets | Desks | Wardrobes | Shelves

CHOOSE THE FINISH YOUR FURNITURE NEEDS

Give your furniture an Edge[®] over others. Say hello to edge bands that perfectly match your designer laminates to give you a seamless finish. Choose clean and classy. Choose Dorby Edge[®].
