See it for yourself

AIR QUALITY UNDER CONTROL AND THE HOOD STARTS ITSELF AUTOMATICALLY

The Brevia Pro's attention to detail makes it both aesthetically pleasing and capable of top-level performance in filtering out cooking particles, for improved air quality in your kitchen

SELF START

A special sensor switches the hood on as soon as the air temperature reaches 130°F. Faber loves to make cooking easier and more enjoyable!

24-HOUR

Keeping kitchens fresh and odor free around the clock, the 24-hour feature automatically turns the hood on for 10 minutes every hour.

DELAY OFF

Automatically delays the shutdown of the blower to eliminate any residual odors completely.

INTENSIVE SPEED

Activates maximum extraction power for 6 minutes to eliminate even the strongest cooking aromas and harmful by-products.

FILTER ALARM

The filter saturation alarm takes out the guess work and will warn you when it is time to clean the grease filters or replace charcoal filters.

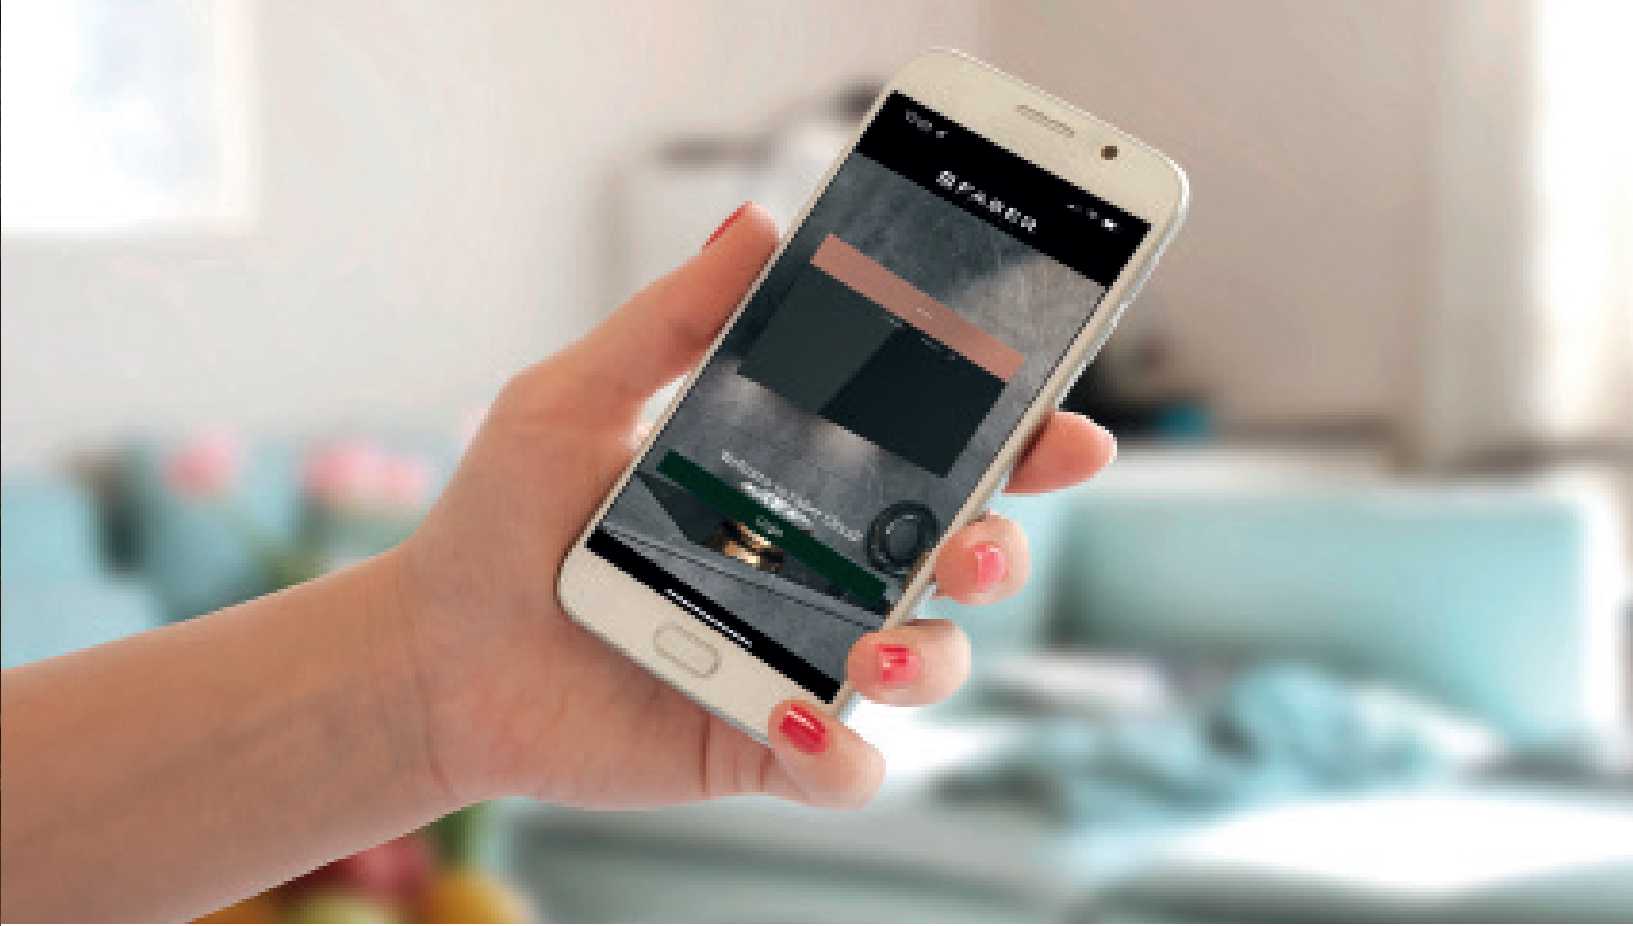

BREVA PRO

THE FIRST COMFORT IS SILENCE

THE PRO BLOWER TECHNOLOGY MAKES AS LITTLE NOISE AS POSSIBLE EVEN AT MAXIMUM POWER. THE INCREASED EXTRACTION MAKES YOUR KITCHEN A MORE COMFORTABLE ENVIRONMENT.
