ACCESSORIES

FILTER4 - Charcoal Filter Kit

High quality charcoal filter for use when recirculating the air back into the kitchen. Filters out odor and should be replaced every 6 months. Some ductwork is required to exhaust the unit out of the cabinet.

LINE30ST / LINE36ST - Stainless Steel Liner 30 & 36" Create a perfectly sealed, non-combustible 4" tall perimeter to "line" the wood below the Inca Smart. Depth adjustable from 16" - 17 7/8". For use with the 28" Inca Smart or Inca HC only.

WARNING! Product specifications are subject to change without notification. Consult the installation instructions before you begin installing this range hood. * Check local make up air codes for guidelines.

LINER SPECIFICATIONS

Liners are stainless steel kits that are optional for cabinet insert hoods. They create a metal 4" tall perimeter to "line" the wood below the range hood with metal. They create a more finished look and move the range hood up 4" creating additional capture area. In some cases, a liner may be required by local code if the cabinet starts at below 30" off the stove (check local building codes). All liners are adjustable in depth with a telescoping frame.

LINE30ST - USE WITH INSM28 ONLY FOR 30" WIDE CABINETS

LINE36ST - USE WITH INSM28 ONLY FOR 36" WIDE
