RELENTLESS PURSUIT OF INNOVATION.

Real Avid is driven by an uncompromising mission to lead through innovation, propelling us to a prominent brand leadership position in gun tools and gun cleaning. Our commitment transcends setting higher standards; we are fundamentally reshaping the category entirely.

Real Avid's extensive product range spans from the purpose-built Master Grade® Tools to the precision and versatility of the most advanced cleaning products. Each innovation within the Real Avid portfolio is built to meet the toughest demands and set a new standard for real-world performance.

Professional armorers, seasoned shooters, Gun DIY® enthusiasts and first-time gun buyers have come to rely on Real Avid's smart solutions. Our products go beyond conventional norms, providing innovative approaches that redefine gun cleaning, gun maintaining and gun building.

PARTNERING FOR GROWTH.

WE WIN WHEN YOU WIN.

Your success is our success. Your shop, your customers, your employees and your relationships sell our products, and we are grateful for your expertise. Our team will work hard to understand your needs and devise a mutual plan to maximize your sales.

GUN DIY REDEFINED.

Our mission is understanding the GUN DIY customer and harmonizing the Real Avid brand and products with innovative solutions that revolutionize the category. We apply that same thinking to the development of best-in-class packaging and merchandising to communicate product benefits and drive turns for you.

MERCHANDISING REDEFINED.

Our Pro Shop merchandising programs upgrade the shopping experience in your store and drive sales, traffic and margin. Contact our dedicated independent dealer support team to develop the best program for your needs and watch your sales grow!

MAKE IT HAPPEN!

Is there a section of your store that could use improvement? Ready to create a GUN DIY® product showcase that will command customer attention, energize your staff and elevate sales? Let us partner with you and prove the dramatic impact and results that will follow.

“Real Avid is the best in the business at designing impactful merchandisers for every space in our shop.”

CUSTOMIZED PRO SHOP MERCHANDISING EXCELLENCE.

You know your customers and the products they demand better than anyone. We aim to incorporate your knowledge and experience to build the ultimate merchandising solution tailored to your market. Choose as a starting point any of the Pro Shop Upgrade in-line assortments or endcaps, let us know your preferred product mix and we'll build you an amazing, attention-grabbing showcase. Results will include increased aisle traffic, higher turns on pegs and superior margins on gun cleaning products and tools. Let your ultimate customized Pro Shop showcase do the selling for you.

NEXT-LEVEL MERCHANDISING.

Real Avid® Pro Shop Upgrades provide visual appeal that commands your customers' attention and interest. Professionally designed signage and thoughtful product organization eliminate frustration and intimidation from shopping for gun building, cleaning and maintenance tools, making it easy for your customers to find what they need for their GUN DIY® projects.

*“Real Avid’s Pro Shops
outsell every accessory
brand in our store.”*

SMART-JAWS™ FOR MASTER GUN VISE®

Different jobs require a different gripping surface for your vise. Upgrade your Master Gun Vise with the new Smart-Jaws – Multi-Fit for most long guns, pistols, barrels and guide rods. These non-marring thermoplastic rubber jaws work on all sizes and shapes of guns and parts. For cylindrical objects like suppressors, PVC, cast-iron pipe and all types of tubing, upgrade to the new Smart-Jaws – Tube-Fit. The non-marring thermoplastic rubber side is great for suppressors and barrels. Use the hard-gripping metal side for tough jobs like cast-iron pipe for the ultimate grip.

SMART-FIT® VISE BLOCK FOR AR9

The Smart-Fit Vise Block for AR9 is a first-of-its-kind firearm maintenance tool designed to work with Glock mag fed AR9/PCC (Pistol Caliber Carbine), Glocks and Glock clone pistols. This vise block is designed to provide a secure, hands-free way to quickly assemble, disassemble, repair and maintain your AR9 or Glock. The expanding design and magazine lock relief allows for a perfect fit with all Glock double-stack 9mm/.357/.40 cal magwell firearms. Insert the block into the magwell and rotate the adjustment handle to tighten for a secure fit. For hassle-free cleaning, we include the Pivot Lock for hands-free access to the chamber and barrel of your AR9.

DESIGNED FROM THE GROUND UP TO WORK BETTER ON GUNS.

GUNSMITHING PIN PUNCH SETS WITH PIN ALIGNMENT TOOL.

ACCU-PUNCH® HAMMER & PIN PUNCH SETS

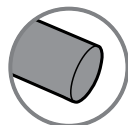

Gunsmithing hammers and punches are core tools needed to modify or disassemble firearms. Most sets available today are generic, repurposed hardware sets. Accu-Punch Hammer & Punch Sets are designed from the ground up to work better on guns. The hammer features an ergonomic grip and perfectly-balanced weight to give both precise control for tapping tiny pins and optimal force for those that need a little "persuasion". Punches are made of hardened steel with a nickel plating to resist corrosion as well as hex-shaped handles and rubber O-rings for precise control. The proprietary Pin Alignment Tool makes aligning and starting tiny pins both easy and accurate. These professional-grade gunsmithing sets are organized in an uber-tough stand-up case.

MASTER BENCH BLOCK® PRO

With 14 strategically placed holes, 2 grooves and a larger design, precise pin alignment is made easy for all firearms. This block was constructed with utmost attention to detail for those looking to clean, repair or modify their firearms. The three elongated slots quickly align with compact- to full-size pistols. Both the vertical and horizontal grooves offer the properly needed length and cutouts for work to be performed on long and short action bolts. To help secure parts, frames or barrels firmly in place, two Smart-Block Clamps have been incorporated into the block, allowing the end user to focus purely on the task at hand. Mounted inside are two strong magnets that grasp any pin you punch out and hold it securely to the block.

THE EASIEST, MOST ACCURATE WAY TO
ENSURE YOUR SCOPE IS PROPERLY ALIGNED.

PATENT

LEVEL-RIGHT® PRO

Correctly mounting a scope so it's level to the gun's receiver is critical to getting maximum accuracy from your rifle. A level scope means that the reticle (crosshairs) will be perfectly aligned with the rifle bore. A level reticle is critical for long-range accuracy. Balancing small levels on scope turrets and gun receivers has been a commonly-accepted practice for years. Not only is this a clumsy process, it's wrong. The turret on most scopes is not perfectly aligned with the reticle, so even if your turret is level to the gun, your scope may not be. Level-Right Pro changes all that by simplifying scope alignment in 4 easy steps. Accurate and intuitive, this time saving instrument quickly aligns the actual scope reticle to the horizontal gun plane (regardless of turret alignment), which is key to the long-range accuracy of your rifle. Level-Right Pro helps you quickly and confidently mount a scope for maximum accuracy.

REVOLUTIONARY BORE CLEANING SYSTEM.

Maximizing bore contact yields better results. Bore cleaning is a chore, and so the goal is simple — get it done faster and get it done right. The Bore-Max Speed Clean System delivers up to 4 times more bore cleaning contact per pass than traditional brushes, jags and patches. This means less passes to clean your bore and less time spent on the chore. Upgrade to High Performance Gun Care!

BORE-MAX SPEED BRUSHES™

Twice the bristle density of standard brushes for maximum scrubbing power. Stiff, nickel-plated phosphor bronze bristles eliminate chemical breakdown in the bore and extend the life of the brush.

BORE-MAX SPEED JAGS™ & PATCHES

Speed Jag and Speed Jag Patches are sized exactly to work in tandem delivering precise bore fitment by caliber, resulting in the removal of up to 4 times the copper and carbon of shorter traditional jags and square patches. This means a cleaner bore with less pass throughs.

BORE-MAX SPEED CLEAN SYSTEM

INCLUDES SPEED BRUSH, JAG AND PATCHES

An all-in-one upgrade system for faster and easier bore cleaning. System includes the Bore-Max Speed Brush with twice the bristle density of traditional brushes, making it twice as effective in agitating the surface in preparation for the jag and patch. Finish off with the Speed Jag and Patch combination to remove up to 4 times the carbon and copper of shorter traditional jags and square patches.

BORE-MAX SPEED JAG PATCHES™ REFILL

Speed Jag Patches are specifically designed to provide no-bunch scrubbing when used with corresponding caliber specific Speed Jags. The micro-pore fibers provide maximum absorbency and grit-grabbing surface texture without fraying or dropping lint.

UNWAVERING COMMITMENT.

We all choose and are sometimes given different missions in our lives. The success or failure of those missions often hinges upon who you choose as your partner. Real Avid hungers to make a difference. To be real in our relationships. To go deeper and not compromise in our search for what's important. To serve our customers by inventing new and smarter ways to solve real-world problems for gun owners. We'll know we've succeeded when we earn the right to be your partner in the missions that you live to achieve.

For the owners of Real Avid, our partner in all of our missions is Jesus Christ. Everything that we do is gently governed by our faith in who He is and how He has changed our lives. It guides our business practices, fuels our creativity and drives us to do everything that we can to honor Him. He leads us to serve others with love and grace and to show by example what real faith looks like in a hurting world. We hope that ultimately, He becomes your partner in your life's mission.

John 3:16 "For God so loved the world that He gave his one and only son, that whoever believes in Him will not perish but have eternal life."
