DELUXE

Pouf
Armchair
Cot

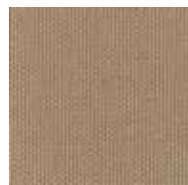

Pouf, armchair and cot are three elements that make up the DELUXE line. Soft, filled with 100% polystyrene beads and supplied with an internal bag for quick cleaning. Shapes with pronounced

angles that create a marked character for infinite outdoor furnishing solutions, adapting to the different needs of living in the open air.

Cloud line: covered in 100% tearproof and waterproof polyester Fabric, completely removable thanks to its internal bag in resin-coated tearproof Fabric, containing high-strength expanded polystyrene beads. Thanks to the particularity of polystyrene, it can take on ergonomic and comfortable shapes.

BIN L

Classic, practical, comfortable, iconic and ironic... evergreen. For the outdoor space as well as for the completion of the interior furnishings. Padded with 100% polystyrene pearls, it is proposed here in the five colors of the MARINA cover, a tear-resistant technical fabric. With an inner bag in non-woven fabric, as well as being easily removable, it remains a comfortable and soft solution for relaxation, indoors and outdoors.

INFINITY

Eco-leather Aisha

INFINITY, where there is community!

Infinity, a name that becomes a concept. Three elements which, in their complementarity, allow the infinite conjugation of shapes in space. Poufs that can be used individually, as autonomous simple forms or linked together to compose more complex

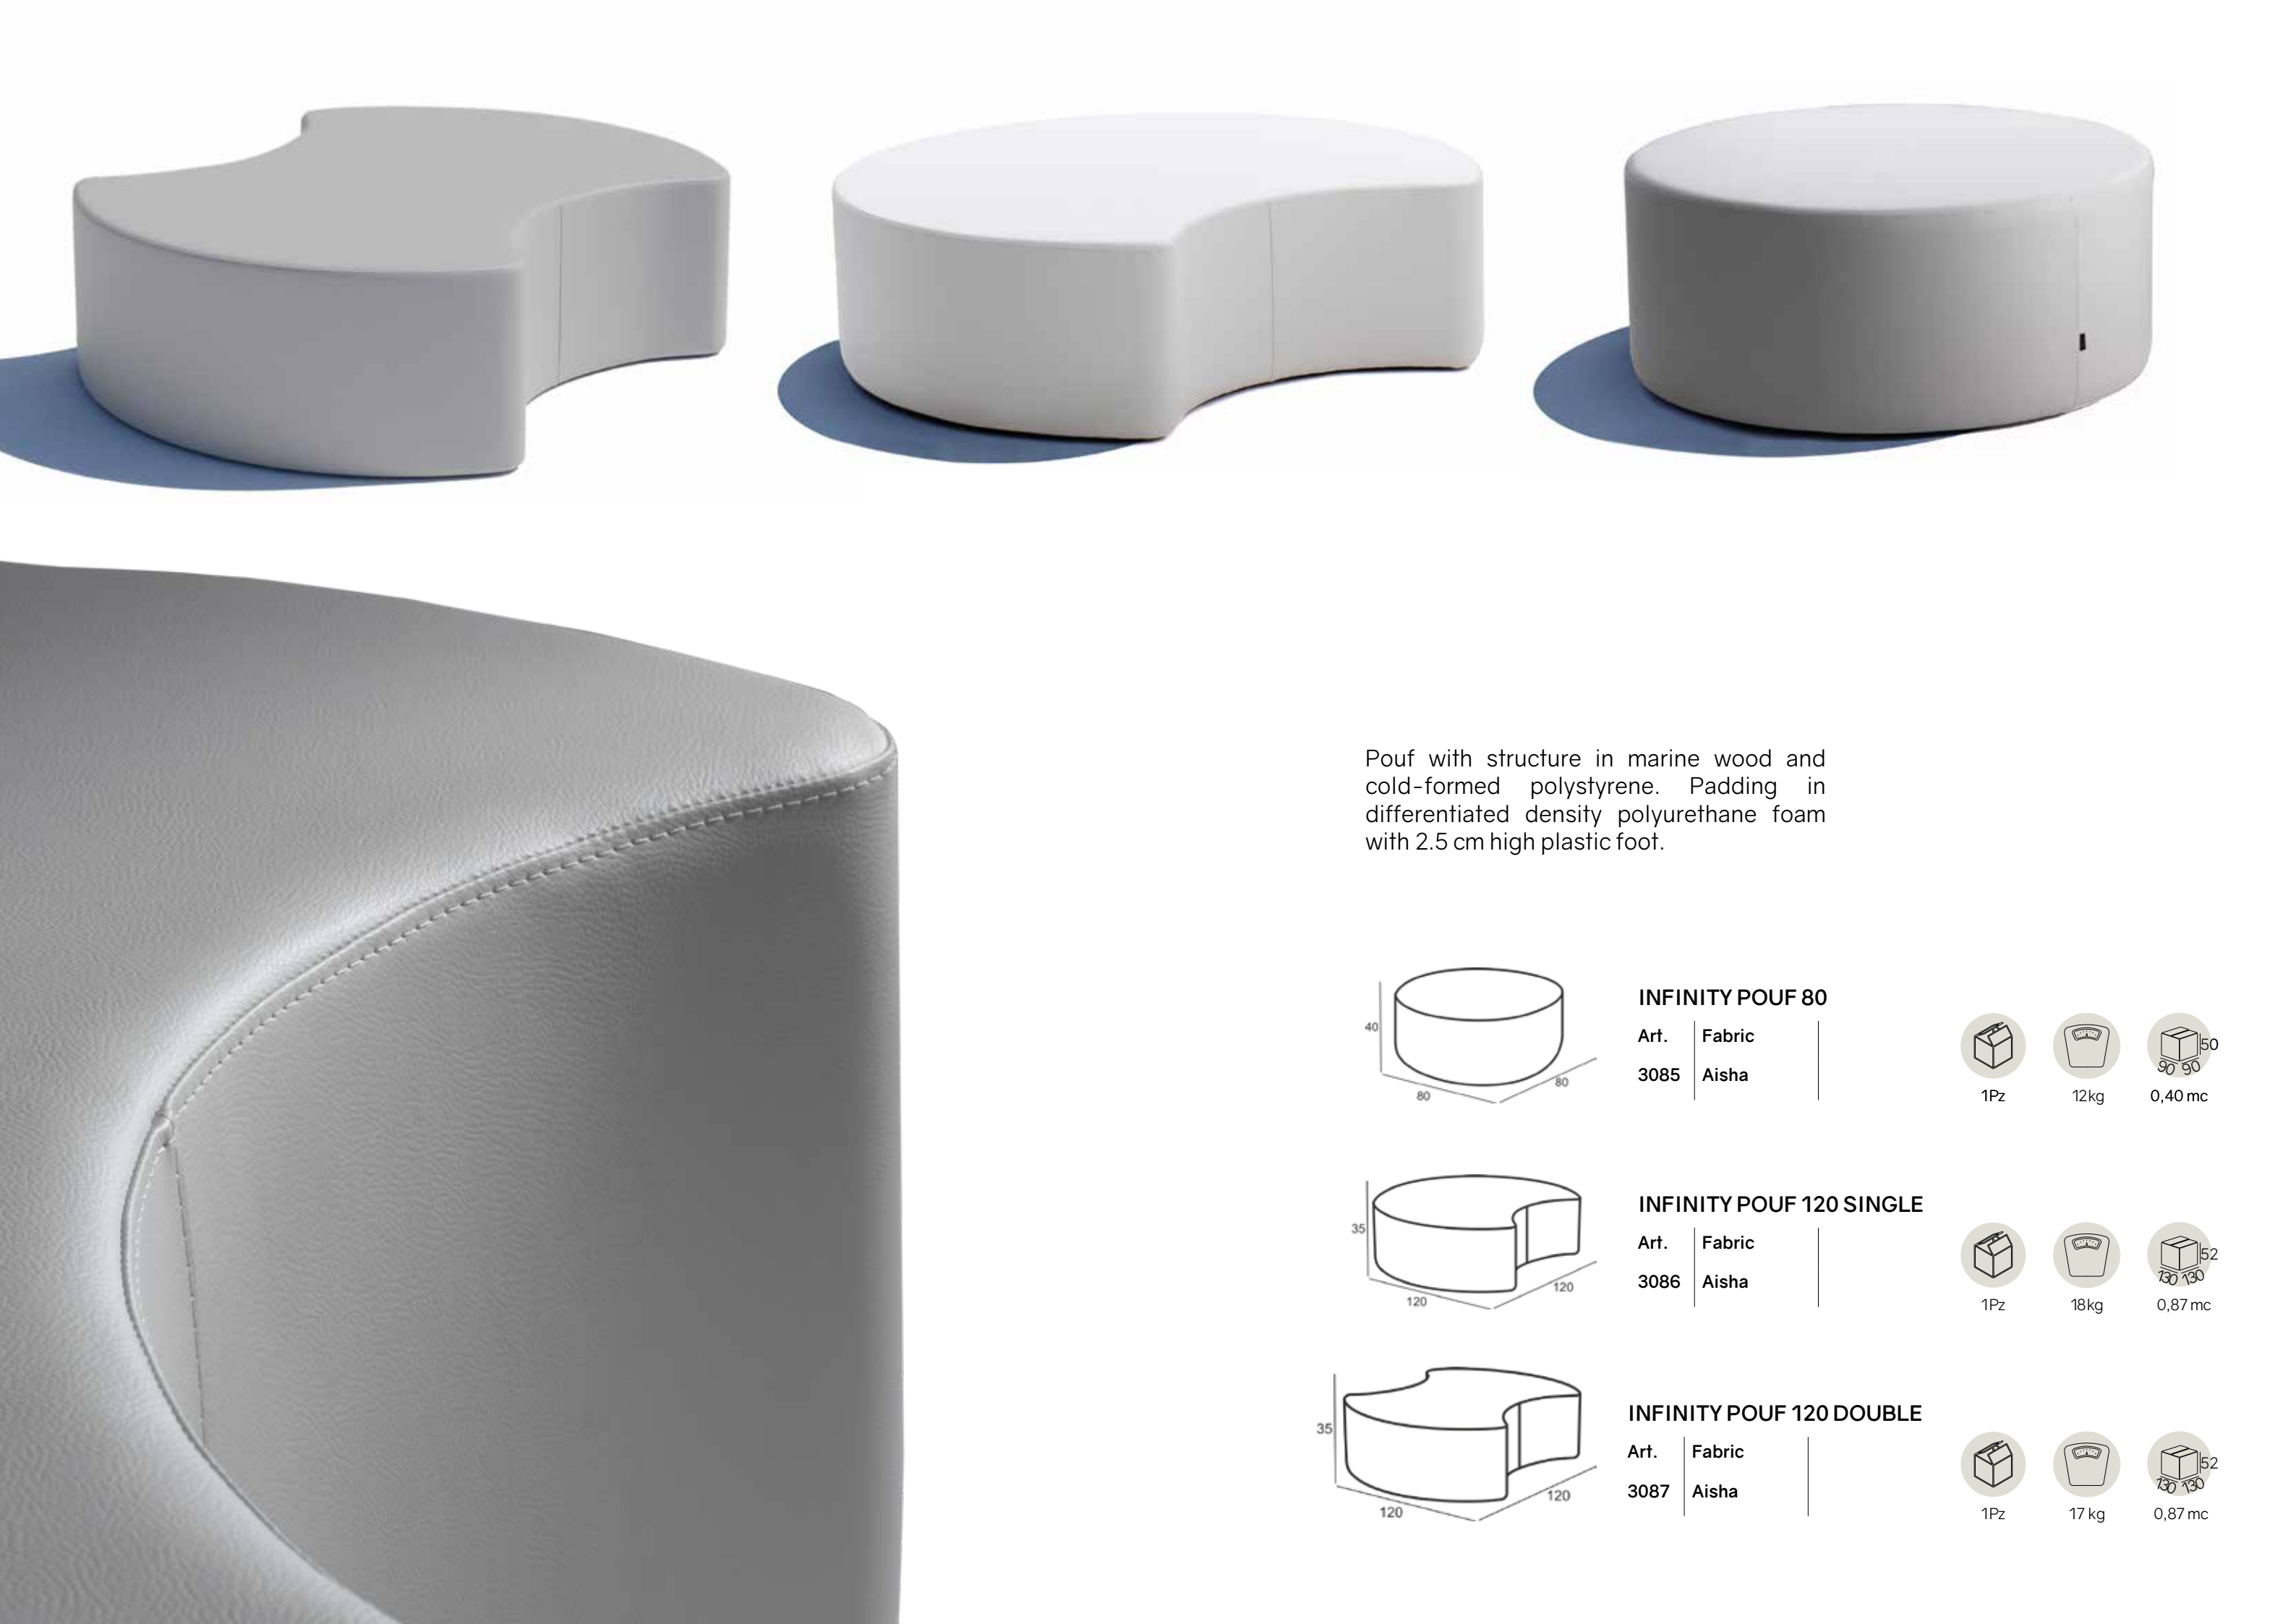

figures, and furnish outdoor spaces with comfortable seats. Made with nautical wood, polystyrene and high-density polyurethane foam, and covered with Eco-leather Aisha, the INFINITY elements are created for the outdoors, to satisfy the “infinite” desire for community.

ERGO

ERGO, alter ego of the Border line, is well suited for comfortable outdoor settings in the refreshment area. The comfortable height of the seat, 47 cm, makes its elements extremely functional

for catering, both private and contract. All OUTDOOR rigid products are made with nautical wood, stainless steel points and covered with excellent Aisha Eco-leather resistant to water and UV rays.

BORDER

Border with its essential lines, its simple and minimal design, becomes the ideal solution for outdoor furniture. Versatile, with soft lines, it represents the

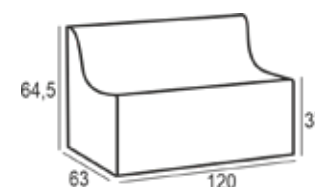

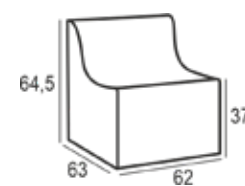

borderline between “evolved” design and the essentiality of practical furniture for the creation of a comfortable lounge area.
